BOOK SYNOPSIS

This book is the 2nd edition of the authors earlier book with the same title. It contains additional five chapters that are added to reflect the most recent changes in the economy and law in Japan. At a time when foreign interest in the current Japanese market and economy is significant and becoming increasingly prominent, Japanese corporate behavior and practices are two potentially confusing areas for international businessmen, accountants and lawyers. This book features numerous insights into Japanese perspectives on finance, law and business, based on the authors expertise in these three areas. As the data provided in this book is pertinent to understanding Japanese laws and business practices, this text will be of great interest to foreign companies aspiring to be successful in Japan.
