BOOK SYNOPSIS

After dating my boyfriend Danny for five weeks, I was finally ready to take our relationship to the next level. I asked him to take me parking up at Harpers Hill, the local make-out spot in my small town. Just as things started to get heated, he revealed that he was only dating me because of a dare. What was even more mortifying than Dannys revelation was when a flashlight tapped against the backseat window. I was forced to exit the car in my half-dressed state only to come face-to-face with the newest member of the police force; Officer Brent Jordison. My hot, alpha male stepbrother. What happened next was something I couldnt have even imagined. Ever since that night, my life has spiraled wildly out of control. The only certainty I have left is that Brent is the only man Ill ever want and simultaneously the one man that I shouldnt. Not that Im going to let anything stop me from trying to keep him.
