BOOK SYNOPSIS

Unfettered is an anthology of original fantasy fiction by some of the very biggest names in fantasy fiction, and it also features deleted scenes from A MEMORY OF LIGHT, the final book in Robert Jordans Wheel of Time series. This collection is not only a fantastic anthology in its own right, but its a testament to the generosity found in the science fiction and fantasy community. When author Shawn Speakman fell seriously ill and was unable to pay his medical bills, thats when New York Times bestselling author Terry Brooks offered to donate a short story that Shawn could sell to help alleviate those bills. He also suggested he ask the same of his other writer friends, and Unfettered is the incredible result. Twenty-four tales comprise this superb collection, and as the title suggests, the writers were free to contribute whatever they wished.
